Sir:

In reply to the Office Action mailed December 21, 2000, please amend the above-identified application as follows:

IN THE ABSTRACT:

Please replace the Abstract with the Substitute Abstract attached hereto.

IN THE SPECIFICATION:

Please amend the specification as follows:

Page 2, line 23 through page 3, line 6, delete current paragraphs and insert therefor:

According to the present invention, the above-mentioned object is accomplished by a device for controlling an over-rolling of a vehicle having a vehicle body, wheels, a steering system and a brake system, the device comprising means for providing a first parameter quantity indicative of a rolling amount of the vehicle body, means for providing a second parameter quantity indicative of a change rate of the rolling amount of the vehicle body, and means for controlling the brake system such that the brake system is actuated to accomplish a
